V/réf. :

Dear Mr Director,

As a lawyer of several human rights associations, I'm interested in the approximately 80 e-mails, published in the New York Times, exchanged at the end of January 2020 between Homeland Security, the C.D.C and the Defense Department and Scientists, about the severity of the coming epidemic.

These documents were obtained under Freedom of Information Act.

Legal action is being considered about the COVID-19' epidemic.

Could you send me the e-mail addresses of the journalists in charge of this investigation so that I can get in touch with them ?

I'm thanking you in advance.

Awaiting your answer,

Best Regards.
